### Laminate for table tops

\*Laminate colour matching melamine colour.

### Melamine faced chipboard (MFC)

for panels and trolley

Please note that for laminate table top wood decor finishes we do not guarantee the coherence and continuity of grain in areas where patterns of two table tops meet. For veneered table tops, sending final arrangement drawing with order is required, only then we can guarantee the coherence and continuity of grain.

### Veneer for table tops/modesty panels
